

Prophetic Word for South Africa – 20 August 2014

From: Pastor Lydia Mirembe from Entebbe, Uganda

During a 7day period of fasting the Lord revealed five Powers/Strongholds over South Africa. God wants us to know the magnitude of the powers over this nation. He is calling for intercessors that will be positioned to stand and pray for this nation, to guard over this nation. (A power is not a demonic spirit that one can rebuke and cast out, it has been given much power over time to exercise authority over the people in a nation. It calls for serious spiritual warfare by the Church to dislodge it from the heavenly realm over this nation.)

1. The Power of Confusion.

The Power of Confusion is reigning over this nation. The reason why it is reigning is because this the only nation on the entire world having all the nations of the world living in South Africa. And every nation that comes here, come with their gods, their culture, their idols and everything around them. They keep fighting in the spiritual realm so that they may rule this nation. Everyone sacrifices to their god that they may be in position to control the spiritual realm of this nation. That plants territorial powers over this nation. One group has planted one god in a part of this nation, another group brings another god. They fight to control the economy, the financial power, the political power that will rule this nation. Every power is fighting for space. God is not in position to penetrate into this nation. He cannot properly reign over this nation. His presence cannot come fully come down because there are many spiritual powers in the spiritual realm. Intercessors must guard this nation. Prayer warriors to stand in the gap. To dedicate themselves for this responsibility. I am called to do this. Like Elijah that stood before God every day. So that no other powers of foreign gods rule. When someone comes into a foreign nation, that is when the cling to their god, worship their god more than ever, because they are the foreigners. Promote my God.

2. Power of Adultery

This is due to the multitude of witchcraft in this nation. People, tribes, language, governments, churches in this nation are fornicating with other gods. Submitting to other gods. God calls it adultery. Seeking to control this nation by the power of witchcraft. Dominate, intimidate and manipulate what is in this nation. Foundations of this nation is vested in the power of witchcraft. Roots, the pillars and entire setup is vested in the power of witchcraft because people are fornicating with other gods. Tries to control a certain sphere – through witchcraft. All groups use the media of witchcraft to control. The sustenance of this nation is under the power of witchcraft. The economic power is being sustained by witchcraft, political power is sustained by witchcraft, relationships are sustained by witchcraft, family life is sustained by witchcraft. Even the spiritual life is sustained by witchcraft. Even many pastors seek to use the power of witchcraft to preach, how to do miracles, etc. Fornicating with gods here and there. The destinies also. God hates witchcraft. So doom prevails over this nation because people fornicate with other gods. Really important for intercessors take their positions. When there is witchcraft the country cannot yield its best because of the power of witchcraft. It hinders prosperity.

3. Power of Hades/Hell

It is opening this nation. Worship of ancestral spirits. They worship the dead, call upon the dead, seek direction from the dead when they need to make decisions. It has opened hell and the activities from hell, because people sacrifice to the dead. They seek for the living among the dead. Hell is opened. It is easy here to call upon the dead. People are supposed to hear from the Lord and seek direction from Him. But in South Africa they call upon dead and seek the dead to bless them. The blessings are not supposed to come from the hell but from above.

4. Power of Death

People in South Africa die easily. Because hell is open, death is easy, it can easily take people. Presence of death in this nation is automatic. Hell is open, death comes automatically.

5. Lusting Power of Sin

The topmost sin in this nation is under the power of Lust. People lust for everything. They lust for money, lust for positions, lust for sex and the result is like the Bible said when they lust for sex God gave them over to their lusts. That is reason why there is homosexuality, lesbianism, rapes because it is now a power, no longer a demon. A power is a stronghold standing. Not a demon to rebuke in the name of Jesus. It needs intercessors and believers to pray and take their positions.

It brings us to the redemptive purpose of this nation. One of South Africa's redemptive purposes is to bring revival to the nations of the world. Intercessors pray a big role in birthing that purpose and bringing it to pass. But if intercessors do not move fast the devil can easily come in and twist that redemptive purpose. In Uganda we have a different picture of South Africa. We love South Africans, we really look up to your nation. But there are really many things that do not bring the good side of South Africa. They have many Bob Marley's in Church. Men having plated their hair, sing like Bob Marley. In Uganda they see a lot of South Africa. Like the dress code of this nation. We have now what is called the umbilical cord shown – known of this nation. They have what is called the balas. The men putting on their trousers but they have to tie it hanging halfway over the buttocks. It is because of the gay life – that is a sign that people becoming gay. It is referred to as people wearing Pampers. That is their view of South Africa. It is not the godly revival that was promised. It is another revival. There are many Ugandans in South Africa seeking their rights. If they have to run from Uganda – they are welcome here – because in Uganda they refused them to be gay. South Africa welcomes any evil doer. In their understanding as Christians – people should not come in running from their nations because South Africa will receive them. They come here to take advantage of the wealth in your nation, South Africa. They come under the guise of saying: we are gay and the nation allows them in. There are many Ugandans in this nation – who profess that they are sangomas. But they are not. But in South Africa everybody wants to hear from the spiritual world, so somebody can come and deceive you, because South Africa is open for witchcraft. If intercessors don't pray it will continue. Intercessors must pray until the spiritual realm is open and people can hear from God. That the presence of God is tangible in this nation so that people do not need to go back to witchcraft. There is a need to hear from the spiritual world.

If what is available is witchcraft, that is what they will hear. It is important for intercessors to pray that this nation will hear from the Lord and not from the powers of darkness.

They had the same experience in Uganda in the early 60's. Uganda was given over to witchcraft, worshipping the gods, ancestors, the kings. God kept calling the nation into prayer. They would not hear. Everybody was busy with this, that and the other. Suddenly there came a man by the name of Idi Amin. That was when trouble came to our nation. He burned down the Pentecostal Churches and refused anybody to pray. But despite that the church began to pray – when persecution began. Church began to pray. He burned churches, he killed many people. He ate people, find a pregnant woman and desire to know what is inside, cut open her womb. He dedicated our nation to become Muslim. Just because the leader was a Muslim. Now the Islamic world knows that Uganda was dedicated as Islamic nation and they try to claim us. The only way we can really say no is through prayer. But Islamic world has registered Uganda as a Muslim nation because intercessors had not done their job. Idi Amin went, then came other presidents, Yusuf Lule, Godfred Binaisa, Paulo Mwanga, Milton Obute – all in a short space of time. It is because this time the intercessors went to their job. Then they received a tangible revival.

The Kingdom of God was evident. Everybody were worshipping the true God. People were careful to not entangle them with the powers of darkness. It is very easy to become entangled in darkness if you are not careful. If you live under a covering whereby witchcraft is operating you can easily be entangled without knowing. Then President Museveni came in. Now the church is again becoming comfortable, not praying like we ought to.

What is happening in South Africa? Government – need to pray for our leaders. Leaders play a very important role in dedicating the nation. When Uganda celebrated 50 years of independence. The intercessors brought the nation together with the desire to dedicate the nation back to God. They called President Museveni and asked him to dedicate the nation to God. He stood in his authority as President and dedicated the nation to God Jehovah, the God who reigns as the Father, the Son and the Holy Spirit. This has really taken them forward. But here in South Africa there are many strongholds. By the grace of God we will see revival coming to this nation.
